ALL SORTS.

Let the silver meeting tonight be the largest ever held in this city.

The earthquake was quite severe in this city; it woke up the night watchman.

Has anybody seen anything of the two pink powder fakers since the APPEAL showed them up?

It is pretty tough that San Francisco cannot get a Grand Jury that is not illegal or dishonest.

It was reported last evening that Rev. J. Fred Holmes had resigned the Pastorate of St. Peters.

The name of V. B. Cross was inadvertently omitted from the list of additional signers of the Silver Call published yesterday morning.

Silver offerings to the Treasury Monday, 554,000 ounces; amount purchased, 245,000 ounces; at .8690 to .8697.

A few months ago the Reno Gazette was a red hot silver organ but it now denounces silver men as "political adventurers."

The engagement has been announced in Washington of Miss Pauline Williamson, of that city, to Roy Jones, son of Senator John P. Jones of Nevada.

George Dawson, light weight champion of Australia, knocked out Billy Gallagher of Oakland in the 42nd round Monday night. It was a hard fought battle.

Nevada sends away \$10,000 a month to buy lottery tickets. Of this amount Carson sends \$2,000, Reno \$2,000, Virginia \$3,000 and the rest of the State \$3,000.

The spectacle presented by the Gazette and its Democratic correspondents weeping in unison for fear the wicked silver men may injure these great and good gold-bugs, Harrison and Cleveland, is enough to melt the heart of a wooden Indian.

—Silver State.

The Genoa Courier in favorably commencing on the organization of Silver Clubs throughout Nevada, says: It is to be regretted that Nevada cannot speak louder for the white metal, but it would be a shame for her to do less than her within her power for self preservation.

The following letters remain uncalled for in the Carson Postoffice: April 21st: Gentlemen List, W. H. Arnold, George Elder, Frank D. Hooper, E. P. Latour; Wm. Martin, W. T. Ogburn, Rodrigues Jesus N. Jose, W. H. Smith, Horace Smith. R. S. ROMAN, Postmaster.

It is now an understood fact that Orlando Jones will start a newspaper here. It is a good idea. We hope to get enough papers in this town to go around; at least enough to represent each family in this city. We expect it will be in the interest of Democracy, and if it lives to the end of the campaign the APPEAL will be more than surprised; it will be astonished.

The Dredge at Work.

Dayton Times: Considerable experimenting had to be done this week with the hydraulic on the dredge, which was started Wednesday, to make it force the material from the amalgamator to the sluices on shore. Everything worked nicely until the serops struck some obstruction, and before the ladder could be raised a shaft was bent. Thursday this was repaired, and Friday the machine started in for a month's run. It will soon be known now just what can be done in mining the river. From the small amount of material that has been raised and passed through the amalgamator quite a quantity of quicksilver can be seen in the machine, and the sluices show up a considerable quantity of sulphurets.

Funeral of Mrs. Hayman.

Mrs. James Hayman was buried yesterday from the residence of Mrs. Nevers. A large crowd gathered to pay their respects to the deceased, and the procession to the grave was one of the longest seen in the city for some time. The pall bearers were F. S. Gladding, C. W. Calvin, F. A. Cushing, E. H. Austin, L. G. Winnie, J. Stubbs. Rev. G. R. Davis conducted the services at the house and delivered a short address. At the grave the Chosen Friends officiated. The music was rendered by Mrs. Crisler, Mrs. Dorsey, Mrs. Cagwin, Miss Wasson and Mr. Fred Cushing.

Remember the Silver Meeting this evening.

SILVER SENTIMENT.

A Few Extracts from Our Exchanges.

The following extracts from Western papers give some idea of the way the silver sentiment is spreading:

TOOT YOUR HORN FOR SILVER, MR. GAZETTE.

The Reno Gazette is devoting its columns these days to climate and immigration, subjects in which the people of this State are not interested. The climate we have, and the immigration we do not want just now. We have more people in Nevada than are able to make a living, and to invite others to swell the number is downright wrong. Mining is the great interest of Nevada, and when that languishes all other industries are dormant.

Better whoop up mining and free coinage, Mr. Gazette. The climate doesn't need any boosting and the immigrant is much better off where he is than packing his blankets over the sagebrush deserts looking for a job with no prospect of finding it. —White Pine News.

NON PARTISAN SILVER CLUBS.

The enemies of silver must be met with their own weapons. To make them effective the Silver States and Territories should unite in the common cause. Non-partisan free coinage clubs are the foundation of this Union; let them organize on the basis of the Colorado clubs, so that a great convention of representatives from them all, upon the non-partisan basis, can be held before the national political conventions meet. Will not the people of Montana, Idaho, Arizona, New Mexico and Utah take up the movement without delay and push it to a grand success? —Colorado Times.

SO PARTISANS LEFT.

The Ketchum (Idaho) Keystone says: There has not been a Democrat or Republican seen at Ketchum for over two weeks that we can hear of. Everybody here is for silver, and the Presidential candidate who comes bunning around here for votes next fall, with a gold headed cane and a gold dollar swindle for a platform, will find the grass very short.

THE FEDERAL BRIGADE IN NEVADA.

It is evident from the open utterances of the Virginia Enterprise and Reno Gazette that the Republicans of Western Nevada—or at least that portion of the party that hangs to the skirts of the Federal Administration—are Harrison men and avowed enemies of the vital issue that affects the welfare of the people of this State—free coinage.

It is also true that many Democrats in the same section, men who expect Federal office on change of administration, are Cleveland men. The sole aim and purpose of these two classes is to come in for the "loaves and fishes" at the disposal of whichever party is successful. They care nothing for the welfare of the people of the State so long as they hope to secure fat Federal offices. —White Pine News.

EASTERN EXAGGERATION.

To read the Eastern papers one would imagine that the streets of Western cities were paved with silver and that silver mines grew on trees and that silver ore is used for masonry. That the earth delivers up molten silver after the manner of the small boy who smoketh his first cigar. That Europe was groaning under her burden of the white metal like a burro as the pack is bound upon his well sharpened spine. And that the whole financial system of the United States could be soaked for ten dollars under free coinage. —Vernal Express.

THE WHOLE COUNTRY ROUSED.

The people have been repeatedly duped by the politicians on the silver question, and if they permit the wool to be pulled over their eyes again they deserve no better treatment than what they have heretofore received. They see mimes closing down daily and the population of the State steadily decreasing, and if they do not assert their independence and do what they can to remedy those evils by removing the cause, they deserve no better fate than to be the tools and playthings of place hunting politicians. The whole country is aroused to the importance of opening the mints to silver as well as gold. There was never before such a political uprising in Nevada. The masses are ignoring party for the welfare of the State and only a few selfish office seekers of both parties, men who care little for the public if they are given a place at the public crib, are endeavoring to keep the people in the old party traces. —Reno Journal.

THE SCHOOL MEETING.

Barney McClure and Geo. Meyers Nominated as School Trustees.

A large crowd was present at the school meeting last evening. It was called to order by Mr. Hofer.

Mr. Hanford read quite a lengthy paper which very clearly showed the condition of the school finances in connection with the money coming in from the State Land Office. It was applauded at the close.

The Committee appointed by the meeting of last week reported the following named gentlemen to be voted for as School Trustees: George H. Meyers, Barney McClure, W. Hanford, A. Cutts, J. F. Jones, J. R. Judge, J. Muller and W. H. Crisler. It was decided to ballot with the understanding that the person having highest number of votes should be nominated for the long term and next highest for the short term.

The vote stood: McClure, 51; Meyers, 48; Hanford, 38; Crisler, 25; Muller, 19; Jones, 15; Judge, 13; Cutts, 8.

On motion of Mr. Bender it was decided that it was the sense of the meeting that the city be bonded.

Mr. Hawthorn wanted to know where the school house was to be built.

Mr. Doyle thought 116 votes could hardly express the opinion of some 800.

Mr. Bender's motion prevailed. Mr. Doyle moved that when the question was submitted the alternative of repairing the old building be allowed the voter. The speaker had heard the song of the big eagle from the States but he always had seen the 50 cent tax put on and none of it left.

Mr. Meyers held that if the bonds were voted down the repairs followed as a matter of course.

Mr. Torreyson offered as an amendment that the tickets read Bonds, yes and Bonds, no. Carried.

Waiting for Orders.

What's the matter with the Comstock and Carson papers? They do not seem to enthuse in the silver movement going on in all other parts of the State. —Sentinel.

We hope the Sentinel does not include the APPEAL in the list. Probably the other sheets are waiting for orders from somebody or else have not been able to see the importance of the silver movement and are holding back.

After the silver movement has become universal in Nevada, our cautious contemporaries will get in line and try to make people believe that they were the originators of the scheme.

The Silver State appears to have kept better posted than the Sentinel, for it says: The Carson APPEAL, always fearless and outspoken, is striking telling blows for the cause of the silver movement in Nevada.

Any Sort of Game.

From "Crokinole to Tiddlerewink" and croquet, to marbles or peg top. You can find sports to suit the tastes of all. Fish cross the desert to snap at flies on sale at Cagwin & Notewares. They have a large assortment of hunting and fishing coats, hats and baskets at Eastern prices.

The Earthquake.

Yesterday morning between 2 and 3 o'clock the Pacific Coast was visited by an earthquake that did quite a little damage to Sacramento Valley. Vaccaville, Dixon and Winters are reported almost destroyed. The shock was quite severely felt in this city and several clocks were stopped.

Exactly.

Milt Elstner is dead opposed to any Silver Club proposition and writes to the Gazette to say that the Cleveland Democrats will have nothing to do with it. This is quite correct. The Cleveland Democrats are all anti silver, being in the same boat with the Harrison Republicans.

Knows the Real Article.

The San Francisco Star closes a notice of the APPEAL's forty-first volume with the remark: "The APPEAL is not the largest paper in Nevada, but it is the best."

Perfected Photography.

Dove & Painter, the photographers of Pacific Coast fame are now in Carson City with a complete outfit. These gentlemen will produce Avisto Cabinets at \$3 per dozen, which will be done in the height of finish and pose. They have samples always on tap and if the work don't suit there is no objection on their part to a refusal to accept.

Fair and warmer weather.

WHY

THAT IS THE QUESTION,

Can you go to the EMPORIUM and know you will get the worth of your money?

BECAUSE

Abe treats you well; gives you one price, and tells you frankly if your purchase is cotton or wool, and if it will wash and wear.
